EXPERIENCE

Frontend developer   **March 2024 -May 2024**

Infomanav

Collaborated closely with the design team to lead the creation of a company's landing page from scratch , ensuring a user-friendly design and seamless functionality.
Developed projects using **React.js**, fostering collaboration across teams and enhancing UI interactivity and performance through component-based architecture.
These collaborative experiences strengthened my frontend skills and contributed to delivering impactful web solutions.

Frontend developer   **Oct 2023 - Jan 2024**

Centralogic

I utilized **Flutter** for diverse projects, including a Notes App where I implemented **Hive** database for efficient data storage and **BLoC** pattern for robust state management. I also developed a Feedback Bot application. These experiences involved collaborating with teams to ensure smooth functionality and user experience across different platforms. Overall, these projects enhanced my skills in Flutter, state management, and user interaction design.
